

Growing Resourcefully Uniting Bellies GRUB C.S.A. Farm
Community Supported Agriculture 2013 Membership Agreement

What is a share in a CSA?

A share in our CSA consists of your support for our farming adventures, passions and successes. This is a commitment to the farm for the whole growing season. You will receive a box of veggies every week that you pick up at the farm. Being part of a CSA is a way for you to be more in touch with your food, where it comes from and who grew it. By doing this you are directly supporting the growers and taking any middle person out of the equation. Being a part of a CSA is a great way for you to explore new and rare types of vegetables that you may never have even tried before. Many people say that being part of the CSA makes them eat more at home and more healthy. We think it is a win-win situation.

Cost

Monthly fee is \$84 a month for a share of veggies picked up by you each week at the farm. Our annual membership fee is \$100 or when even you first join up. The membership fee allows us to avoid requiring full payment for the entire season, by giving us the capital we need to meet the start-up costs we require to begin each season while still meeting our goal of growing fresh healthy produce affordable and available to as many people as possible.

Agreement

The GRUB CSA is an attempt to connect ourselves to our food and our natural environment. As members we hope you will invest in this vision. On our part we will offer you an affordable, sustainably grown chemical free bounty from the farm. Please remember that sometimes crops do fail but we will ensure that you will still receive a bountiful share of a variety of yummy veggies. On your part we hope that you enjoy the veggies and try to pick them up every week.

Weekly Pickups starting April 16, 2013 at our new farm location
3197 West Sacramento ave: Tuesdays or Thursdays from 4 -6. Please pick your day that will
consistently work for you

Please note: We do not offer vacation breaks. We strongly encourage you to ask a friend to pick up your box and then they can experience the yummy veggies.

We also love it when you bring back things like nice rubber bands, share size boxes and green baskets. We like reusing things as much as possible to keep things out of the landfill.

If you forget to pick up your box or know that you will not be able to make it, we will set aside a share for you. We will also try to email you sometimes to remind you. We are flexible and want to make sure you get your bounty!

Contact us anytime! at 680-4543 or email at grubchico@yahoo.com for any reason or to reschedule your pick up.

Please return this part of the membership form back to us or just in person works too! Keep the top form for your information
